

# 8 NOVEMBER GETTING THE MOST FROM YOUR HACH

## Water analysis training event at T.E. Laboratories

Through our ISO 17025 accredited environmental laboratory at T.E. Laboratories (TelLab), we have decades of experience analysing water for industry, local authorities and consumers. Based on our expertise, we have developed this training course to show your staff how to use their HACH spectrophotometer to achieve consistent and accurate results. By understanding the fundamentals, participants will come away with improved techniques, enabling them to support more efficient and accurate water-quality monitoring and testing programmes, supporting your organisation's licensing obligations.

**Improve your staff's  
water analysis  
techniques, using HACH**

**For more efficient &  
accurate environmental  
monitoring and reporting  
in support of your  
licensing obligations**

**One-day course, with  
hands-on training by  
experienced  
practitioners**

**Cost per course: €495.00  
per attendee**

**Further discounts  
available for multiple  
bookings**

**8 November 2018  
T.E. LABORATORIES  
Loughmartin Business  
Park  
Tullow, R93 N529  
County Carlow**
